

Ballonbau Wörner GmbH

SERVICE BULLETIN No. EASA.BA.009-2

Issue 1 – of May 2016

Page -1- von -1-

1. Subject:

New issue of the Flight Manual

2. Applicability:

Free Manned Gas Balloon Type NL-STU
TCDS: EASA.BA.009 or FAA TC: Nr. B03CE
since serial number 1039

3. Classification / Deadline:

Strongly recommended / before next annual inspection

4. Background:

The Flight Manual, issue 1, from 1993 does not really fit to the format and the content of present Flight Manuals

The description of Preflight Checks and the note of Warnings exists only rudimental in the Flight Manual.

5. Accomplishment Instructions:

The Flight Manual, issue 1, from 1993, has to be replaced by the Flight Manual, issue 2, from May 2016, before next annual inspection.

6. Material:

Not affected

7. Inspection:

With next annual inspection

8. Other Publications affected:

The new issue of the TCDS BA.009 is necessary

9. Maintenance and Operating Instructions:

Not affected

10. Additional Information:

None

Complied for and on behalf of
Ballonbau Wörner GmbH by: M. Wörner
